

Weekly Information & Communication

Weekly WIC Newsletter

December 19, 2016

Office Closed

The state WIC office will be closed on Monday December 26th in observance of Christmas.

WIC Training

The next WIC training will be held January 5th at 9AM. The topic is “*Motivational Interviewing and Goal Setting*.” This will be a recording and posted online for people who cannot attend. If you have questions regarding this training, please contact [Lacy Little](#).

IT Pop Quiz October 2016

Question: How do you record baby formula returns for the current month?

Answer: Use the following steps.

1. Open Spirit Utilities.
2. Click on Activities.
3. Click on Formula Return.
4. Enter Participant ID.
5. Click Next.

Enter the number of returned units

Congratulations to Carmela Vital-Maulson of Riverstone Health in Billings! She emailed the first correct answer for October's pop quiz.

December Pop Quiz

Question: Where on the Montana State WIC website do you find instructions on recalibrating your signature pad?

Please email your answers to hhswhc@mt.gov.

Weekly Risk Code Highlight

[Risk Code 347.](#) Cancer is defined as a chronic disease whereby populations of cells have acquired the ability to multiply and spread without the usual biologic restraints. The current condition, or the treatment for the condition, must be severe enough to affect nutritional status. Presence of condition diagnosed, documented, or reported by a physician or someone working under a physician's orders, or as self-reported by applicant/participant/caregiver. An example of when this could be assigned is if a participant states they have throat cancer and they are not eating due to pain during swallowing.

This institution is an equal opportunity provider.

Help us keep the distribution list updated - send e-mail address changes, additions and deletions to the WIC State Office at 1-800-433-4298.
